

Liberty Cu 5 Slim XL Now Available

- Especially helpful when using a pad or a thicker shoe punched for a Slim or Combo head
- Slim blade displaces less hoof and reduces damage to the wall
- Material is optimum for clinching
- Finish and points enable smooth driving
- Cu Shield Technology eliminates rust and deterioration of nail strength and improves quality of hoof/horn

Find FPD dealers carrying the Liberty Cu 5 Slim XL at farrierproducts.com/locations.

New! FootPro™ Mini Air Pump

The new FootPro™ Mini Air Pump is now available. This pump is a great fit for the FootPro™ Hoof Buffer.

FPD 20 for 2020 Facebook Giveaway

THE NOVEMBER 2020 FACEBOOK GIVEAWAY WILL BE THE NEW LIBERTY CU 5 SLIM XL NAILS. THE 20 WINNERS WILL RECEIVE A 250 PC BOX OF THESE NAILS

This giveaway is only valid in the U.S. and Canada.

JUST A REMINDER

Event Planning

FPD has chosen to extend their decision to not attend group events due to the Covid-19 Pandemic. Unless something dramatic changes, this decision will continue through the rest of 2020 and the first quarter of 2021. FPD will continue to support their dealers and many associations that decide to hold events, but will not have staff in attendance.

New Baldor 1/4hp Buffer

The new Baldor 1/4hp is the same size as the 1/2hp grinder. The buffer has 1/2" shafts and operates at 1800 rpm also the same as the original. The shafts have been extended by 1" on each end to make it easier to keep knives away from the housing. It is painted red, to avoid confusing it with the 1/2hp grinder.

Kerckhaert SX-8 Select

The Kerckhaert SX-8 Select Hind Unclipped is based on the popular DF Select Hind, but specifically designed for horses that can benefit from extra support. The heels are elongated and tapered. The widest part of the shoe is moved forward, allowing for extended heel fit. The shoes are punched for 5 City, 5 Slim and 5 Combo Slim nails. They are unclipped and symmetrical.

AVAILABLE IN HIND PATTERN ONLY - SIZES 00, 0, 1 & 2.

The Trim: Before and After

Below are some before and after images from a recent trimming job done by Conrad Trow, CJF in the FootPro Shop. Keep in mind this is not a trim done for show purposes or for a shoeing. *Shy* is a pleasure horse that is lightly ridden and kept barefoot by its owner. Conrad's approach was to balance but leave as much foot as possible to protect the strength and integrity of the foot.

AS SEEN
ON FPD'S
FACEBOOK
PAGE

Conrad Trow, CJF begins his trim job after a good pre-trim inspection.

FRONT TRIM

Left front - before. Horse is slightly pigeon toed and has medial flare.

Left front - after. Flare has been minimized with light rasping.

Left front lateral - before.

Left front lateral - after. Note "pasture roll" of wall.

Right front - before. Note this foot is narrower than the left front.

Right front - after. Medial flare has been reduced.

Right front lateral - before.

Right front lateral - after.

Bottom of left front - before. Medial flare is noticeable.

Left front bottom - after. Foot is showing better balance with flare also dressed. Plenty of sole left for protection.

Bottom of right front - before. Medial toe flare is obvious.

Right front bottom - after.

HIND TRIM

BEFORE

Left hind - before. Hoof shape matches coronary pretty well.

AFTER

Left hind - after. Slight flare inside was dressed.

BEFORE

Left hind lateral - before.

AFTER

Left hind lateral - after. Pasture roll applied to hoof edges.

BEFORE

Right hind - before. Also matches up well to coronary.

AFTER

Right hind - after.

BEFORE

Right hind lateral - before. Solid foot.

AFTER

Right hind - after. Pasture roll applied.

BEFORE

Left hind bottom - before. From here you can see the slight flare at medial heel quarter.

AFTER

Left hind bottom - after. Flare has been dressed.

BEFORE

Right hind bottom - before. More symmetrical than left.

AFTER

Right hind bottom - after. Sole and bar integrity is good after trim.
