HoofJack Foot Stands and Accessories

BASES, CRADLES & POSTS

Hoofjack bases are available in mini, medium and standard with a full line of complementary posts, cradles, dental attachments and replacement parts.

HOOFJACK TABLE

12"x12" aluminum table fits in any Hoofjack base. Designed to keep items like Vettec and other hoof repair or glue-on products within reach when working under the horse.

HOOFJACK HOT FIT PLATE

An aluminum plate designed to fit one section of the Hoofjack base. This plate is designed to allow farriers hot-fitting to have a place to set the hot shoe while working on the hoof. The plate is already drilled and screws are provided.

MINI CRADLE WITH STANDARD HEIGHT POST

When rasping or nailing, the cradle is not in the way, but still provides excellent support for the hoof. Standard 11" post allows for taller adjustment.

Diamond Max Glide Rasp

The innovative and unique manufacturing process of the Diamond Max Glide creates a high-quality rasp and file; 10% wider than the standard rasp. The rasp side features a 9-tooth pattern with slightly smaller teeth, and a file side with the chip breaker cut for a smooth finish.

Diamond Loop Knife

Featuring a stainless steel double blade, the Diamond loop knife allows for cleaner, more precise and symmetrical cuts of the frog and bar area of the hoof. The Diamond loop knife is made with a hardwood handle, providing a comfortable grip for extended use. Used in right or left hand.

Diamond 15" Extra Sharp Nipper

The Diamond 15" Extra Sharp Hoof Nipper is precision forged from high-quality steel. With enhanced sharpening and thinner cutting edges, the nippers go through the hoof much easier. The Heat Treat is excellent and they hold up very well, even with harder feet.

Bloom Forge Hot Fit Lock Tong

The Bloom Forge Hot Fit Lock Tong has a ring at the rein end to lock the tong reins together when on a shoe. This allows the user to check the fit of the shoe and set the shoe and tong down without losing the grip on the shoe. The tong end is set for 5/16" stock so it can be used as a fire tong if desired when shaping and modifying shoes.

Gibbins Aprons

A wide variety of high quality leather goods including aprons for the farrier market. All Gibbins aprons offer excellent cover to inside of legs, with velcro fastenings at thigh and waist and there is a convenient pocket on each leg.
